

Training Audiences

At EC LEARN we value the importance of meeting your specific needs through professional development. We have categorized our training by color to indicate the appropriate audience for each session. Please see the color codes and definitions below:

-  All – these titles are for all providers (including family child care) and will pertain all age groups – Infant, Toddler, Preschool and young School-Age age children
-  Infant/Toddler – these titles are best suited for infant and toddler teachers and will pertain to infants and toddler aged children
-  Preschool – these titles are best suited for preschool teachers and will pertain to preschooler aged children
-  School Age – these titles are best suited for providers caring for school age children and the content will pertain to school age children
-  Administrators – these titles are best suited for administrators, directors, owners or those supervising staff

Family Child Care Network Training – these titles are for Registered, Certified and Type II providers caring for children in their home in Kentucky. Content will pertain to infants, toddlers, preschoolers and young school age children as well as the business side of running an in-home program. These training opportunities are FREE and funded through the Family Child Care Network and will be region specific. When registering, please make sure it is for your specific region/county.
